Title: <b>Quality Policy &amp; Objectives</b>	

# QUALITY POLICY

BMD Electronics & Hardware, Inc. has implemented an Aerospace Quality Management System (AQMS) to demonstrate to relevant interested parties our commitment to meet the requirements of ISO 9001:2015 and AS 9120B by;

- Continually improving our AQMS;
- Striving to meet customer needs and expectations;
- Complying with all applicable requirements.

BMD Hardware & Electronics Inc. empowers its employees to meet these commitments through meetings, training programs and access to the quality management system.

# QUALITY OBJECTIVES

BMD Electronics & Hardware, Inc. will determine the effectiveness of its Quality Management System by monitoring the following Quality Objectives:

- Customer Satisfaction
- Non-Conformities
- On-Time Delivery to Our Customers
- On-Time Delivery from our Suppliers

The Quality Policy and Quality Objectives are periodically reviewed and revised as the need arises.

Approved by & date:

*Ronald V. Scoppettone*      *Aug. 25, 2025*

The General Manager of BMD Hardware & Electronics, Inc. has formulated the Quality Policy and Objectives. The policy is explained and discussed at the general orientation training given to all new employees and has been reviewed with all current employees. The policy is posted in prominent locations throughout the facility.
